

Registration Help for Students

If you are re-enrolling

If you are enrolling in another CourseCompass course based on the same textbook, you may not need to make a purchase. In the following cases, you need only a new course ID from your instructor:

- You are switching to a different section of the same course
- You are retaking the same course
- You are enrolling in the next semester of a multise­mester course

If you are in one of these situations, enroll in the new course through the [Pearson Account Summary](#).

If you are enrolling for the first time in this course/textbook:

Before you register, make sure you have:

- A valid email address that you check regularly
- The course ID for your CourseCompass course, which you receive from your instructor
- A student access code, a valid credit card, or a PayPal account

You can register in **either** of two ways:

- **Using an access code:** If you bought a new textbook, it contains an access code that you enter during registration. The code might be in the textbook or on a separate card packaged with the book. If you did not buy a new textbook, you may be able to purchase an access code separately from your bookstore.
Note: Access codes can only be used once.
- **Buying access online:** You can buy access online for some courses during registration with a credit card or PayPal account.

How to register if you have an access code

1. Click **Register** on the [CourseCompass](#) home page.
2. Click **Next** on the Before You Start page.
3. Enter your **course ID** and click **Find Course**.
4. Verify the course information and click **Access Code**.
5. Type or paste your access code in the space provided. Your code is a series of six words separated by hyphens. Click **Next**.

PEARSON CourseCompass™

Buy Now

6. Review the license agreement and click **I Accept**.
7. On the Access Information page, indicate whether you already have a Pearson account.
 - o If not, select **No** and follow the instructions to create your login name and password.
 - o If you have an account, select **Yes** and enter your login information.
 - o If you aren't sure, select **Not sure**. Enter your email address and click **Search**.
 - If you have an account, your login information will be sent to your email address within a few moments. Change your selection to **Yes**, and enter your login name and password as directed.
 - If you do not have an account, change your selection to **No** and follow the instructions to create your login information.

Note: A login name can be up to 64 characters long. A password can be up to 32 characters long and must contain at least one number and one letter.

8. Click **Next**.
9. On the Account Information page, if you are creating a new Pearson account, enter the appropriate information in the fields provided:
 - a. **Personal Information:** Enter your first name, last name, and an email address that you check regularly.
 - b. **School Location:** Select your school's country from the drop-down list. If your school is in the U.S., enter the zip code or postal code. From the resulting drop-down list, select your school's name. If your school is not listed, select **Other**, and then enter your school name, city, and state.
 - c. **Security Question:** To ensure the privacy of your account, select a security question from the drop-down list and then enter the answer

If you already have an account, verify that the information in the prefilled fields is correct.

10. Click **Next**.
11. Review the Confirmation & Summary page information. Print the page to keep a record of your login name, the email address used on your account, and your registration transaction information, in case you need to contact Customer Support. You will also receive an email message that contains your login name and password.
